36 th Page	Flatter Your Body Type and examples

LEVEL A: Notebook containing design principles of balance and proportion. Must include their definitions, examples and Golden Mean. Buymanship Report Form for current level with a cost limit of \$25.00

Design Principles for Level A

1. BALANCE-Defined as "equal distribution of weight (actual or visual) from a central point or area. When line, form-shape-space, color, and texture are in balance." (Label each picture.)

3 Types: Formal, Informal, and Radial.

2. PROPORTION-Defined as the pleasing relationship of areas. The design principle concerned with the relation of the size of the parts to the whole and to each other. (Label each picture.)

Three Most Common: 3:5, 5:3, and 4:4.

Proportion of the Golden Mean represents a ration of 3:5:8. The smaller space has the same relationship to the larger (3:5) as the larger space has to the whole (5:8). The proportions of the Golden Mean are often achieved artistically or visually rather than by actual measurement. (This description must appear along with the proportion definition, usually on the second page).

LEVEL B: Design principles of rhythm, emphasis, and unity to be added to the notebook. Must include their definition and examples. Buymanship Report Form for current level with a cost limit of \$25.00.

Design Principles for Level B

1. EMPHASIS-Defined as dominance or concentration of interest in one area of a design. (Label each picture.)

8 methods used are progression, unusual trim, repetition or concentration, decoration on a contrasting background, unusual shapes or lines, bright colors, contrast or opposition, and unusual textures.

2. RHYTHM-Defined as "a pleasing sense of organized movement that gives continuity to a design," through. (Label each picture.)

Methods used are garment construction, continuous flowing lines, repetition or regular repeats of design, radiation or organized movement, and progression or gradation.

3. UNITY- Defined as when all parts of the design are related, consistent, and orderly. Line, shape, color, and texture are in harmony.

LEVEL C: COLOR WHEEL: Color wheel of your choice showing: a) Primary colors-red, yellow, blue; b) Secondary colors-orange, purple, green. Buymanship Report Form for current level with a cost limit of \$25.00.

DEFINITIONS PAGE: 1) Hue-The name given to a specific color, 2) Tint-Colors combined with white, 3) Shade-Colors combined with black, 4) Value-The lightness or darkness of a color, 5) Intensity-The brightness or dullness of a color.

FABRIC CHART NATURAL FIBERS PAGE- Swatches of fabric and care chart with advantages and

disadvantages: 1) Cotton, 2) Linen, 3) Silk, and 4) Wool.

Fiber	Advantages	Disadvantages
Cotton	Absorbent, soft, strong wet	Wrinkles, mildews
Flax (linen)	Absorbent, smooth, strong dry/wet, lustrous	Wrinkles, mildews
Silk	Absorbent, smooth, soft, drapes well, elastic recovery	Weakened by light and perspiration
Wool	Absorbent, soft, warm, elastic recovery	Felts, attracts insects, can irritate skin, shrinks

FABRIC CHART SYNTHETIC (MAN-MADE)

FABRICS PAGE-Swatches of fabric and care chart with advantages and disadvantages: 1) Acetate, 2) Acrylic, 3) Nylon, 4) Polyester, 5) Rayon, and 6) Spandex.

Fiber	Advantages	Disadvantages
Acetate	Smooth, soft, drapes well	Weak, sensitive to abrasion and heat
Acrylic	Soft, warm, resilient	Collects static, low absorbency, heat sensitive
Nylon	Strong, resists abrasion	Collects static, weakened by light, pills
Polyester	Strong, resists abrasion, resilient	Collects static and oily stains, low absorbency, pills
Rayon	Absorbent, lustrous, drapes well	Wrinkles, mildews
